Affordable and Practical Marble Table Tops

HC Commercial Furniture offers you the best value and most practical marble tops for Cafes and Restaurants.

We source our white marble from the Carrara marble quarries of Italy. We then ship to our factory in China for cutting and polishing.

HCCF marble tops are resin coated for added durability and practicality. The resin coating adds a scratch resistant layer, helps protect the marble from UV rays and fully seals the top for easy care free maintenance.

Each top is fitted with a painted substrate so simply screw on the base and it's ready to use.
